🏠 [golibjonsunatullaev.github.io](https://golibjonsunatullaev.github.io) | 📞 +82 10-7359-9666 | ✉️ [gsunatullaev@gmail.com](mailto:gsunatullaev@gmail.com)  
📍 Room 512, Bldg. Engineering 6, Kangwon National University

## RESEARCH INTERESTS & DOMAIN

---

Human-Computer Interaction (HCI), Human-AI Interaction, Ubiquitous Computing, User Interruptibility-aware intelligent systems design

## EDUCATION

---

**Kangwon National University (KNU)**, Chuncheon, Republic of Korea Mar. 2025 – Present

*M.S. in Data Science, Adviser: [Auk Kim](#)*

- **Coursework:** Data Science, Machine Learning, Statistical Data Analysis, Data Programming, Human-Computer Interaction in Data Science, Research ethic and Thesis

**Kangwon National University (KNU)**, Chuncheon, Republic of Korea Mar. 2021 – Feb 2025

*B.S. in Computer Science and Engineering*

- **Coursework:** Programming Languages, Data Structures & Algorithms, Database Systems, Operating Systems, Software Engineering, Computer Architecture, Web & Mobile Programming, Human-Computer Interaction

## EXPERIENCE

---

**Human-AI Interaction Lab ([HAI Lab](#))** May 2024 – Present

*Graduate Researcher, Advised by Prof. [Auk Kim](#)*

- **Published Research: Multimodal-context Interruptibility Dataset for Proactive Services on Smart Speakers at Home**
  - \* Contributed to the development of a multimodal dataset on user interruptibility and proactive conversational services provided by smart speakers in smart home environments through data labeling, data analysis, and preparation of the Data Descriptor manuscript.
- **Ongoing Research**
  - \* Conducting research on user interruptibility and appropriate timing for proactive conversational interactions initiated by AI agents across multiple rooms in home environments.
  - \* Designing and developing experimental systems for real-world user studies and multimodal context data collection.

## PUBLICATIONS

---

J: Journal

[J.1] “Multimodal-context Interruptibility Dataset for Proactive Services on Smart Speakers at Home”

**Golibjon Sunatullaev**, Jiwoo Hwang, Jungmin Lee, Dongju Son, Kyung Ho Son, and Auk Kim

*Scientific Data*, 2026.

## AWARDS & HONORS

---

**Global Korea Scholarship (GKS)**

*Full Scholarship for Undergraduate Studies*

2021 – 2025  
Republic of Korea

## SKILLS

---

**Data Science & Artificial Intelligence** : Data Cleaning & Preprocessing, Statistical Data Analysis, Feature Engineering, Machine Learning, Model Training & Evaluation

**Research & Academic Skills** : Human-Computer Interaction & Ubiquitous Computing, Research Methodology, Experimental Research, Quantitative & Qualitative Analysis, Academic Writing, Literature Review, Scientific Communication

**Programming Languages** : Python, Java, C, SQL

**Web Technologies** : HTML, CSS, XML, JSON, RESTful APIs, SOAP

**Database Management** : MySQL, PostgreSQL, MongoDB, SQLite

**Embedded Systems & IoT** : Raspberry Pi, Sensor Integration, HardwareSoftware Integration, IoT Prototyping, Edge Computing
